

International Student Package and Agreement New and Returning Students

Please review this document carefully. This document creates a legally binding agreement for participation in the English Montreal School Board's International Student Program.

Introduction:

The aim of the English Montreal School Board (EMSB) is to provide all our students with a safe, nurturing, challenging and enriched learning experience.

This Agreement becomes binding with the EMSB once:

- a) The student applying for admission is accepted by the EMSB
- b) All tuition fees are paid in full
- c) The parent and/or guardian has officially signed the agreement for the minor international student
- d) The guardian/custodian has provided a current official photograph (i.e. passport, driver's license) of themselves

Student Acceptance and Placement:

The EMSB takes into consideration your request for a particular school, however, **the final decision on any placement is determined solely by the EMSB** taking into account the appropriate program for the student and space availability. It should also be noted that the school principal reserves the right to change the grade level or the program of the student if the English language skills are not at the appropriate level to allow for success.

The EMSB will accept international students at the **high school** level. Students applying to a high school for Secondary I to Secondary III (Grade 7 to 9) must be able to demonstrate a beginner level proficiency in English (comprehension, written and spoken). The students must complete all activities in Level 1, 2 and 3 in a language acquisition program provided by the EMSB before arriving in Montreal. Students who register in Secondary IV (Grade 10) must be able to demonstrate an intermediate level proficiency in English (comprehension, written and spoken). The students must complete all activities in Level 3, 4 and 5 in a language acquisition program provided by the EMSB before arriving in Montreal. Students may not register for Secondary V (Grade 11) without having successfully completed Secondary IV (Grade 10) in an English school in Quebec. In order to obtain a **Quebec High School diploma** a student must have completed 54 credits in secondary IV and V.

Arrival in Montreal:

Students entering Secondary I to V (Grades 7 to 11) **must arrive in Montreal by August 20th at the latest**. All students must attend a **mandatory Orientation Session at the end of August** prior to be allowed to start school. An English proficiency test will be administered during this orientation session (dates to follow). Students who are not able to attend the mandatory orientation session at the end of August will not be able to start school. They will have their tuition refunded and have their acceptance deferred to the following year (*Keep in mind that to obtain a **Quebec High School diploma** a student must have completed 54 credits in secondary IV and V*). Parents and/or the student's legal guardian must attend a meeting during orientation

session (date to follow). Recruitment agents/agency must attend a meeting during the orientation session (date to follow).

Application for Certificate of Eligibility:

The Certificate of Eligibility is issued by the Ministère de l'Éducation et de l'Enseignement supérieur (MEES) and gives the international student permission to attend English public schools in Quebec. This certificate is applied for at the time of registration. As soon as the international student receives their certificate of eligibility in the mail, he/she **must** bring it to the school. The school will make a copy for their file.

In order to apply for the Certificate of Eligibility the agent or guardian is required under oath to solemnly declare that neither the family nor the student has received or applied for either "Refugee Status" or "Certificat de Sélection du Québec (CSQ)."

Living Arrangements - Homestay:

The EMSB recommends using Canada Homestay for our International Students. Canada Homestay has successfully placed over 40,000 students in safe, loving, and caring homes.

- While studying at the EMSB, the student **MUST** be directly supervised by a legal guardian. This guardian must be able to meet with the school administration as required.
- The student **MUST** live with this legal guardian, in the same residence unit (home/apartment), for the entire time that he/she is studying at an EMSB high school.

- The EMSB does not accept that students live in a dormitory. The EMSB requires that each student lives in an apartment/home with an adult guardian who is keenly and actively overseeing the student's well-being, education and personal safety.
- No student must live outside his/her guardian's home/apartment, even if they turn eighteen (18) during the school year.
- The EMSB reserves the right to verify the living situation of all its international students.
- Students living in circumstances that do not meet the requirements set out by the board, will be reported to the authorities, and risk having their schooling contract cancelled.

Should you decide to find your own homestay families, you, as the parent/agency/agent, will be responsible:

- To ensure that the students have their own private room and reside with their guardian in the same apartment or home.
- To ensure that the students are **NOT** placed in a dormitory (building) with multiple students under the supervision of a manager.
- To inspect the home to ensure all safety codes are respected and in place (fire extinguisher, smoke detectors, etc.)
- To do a police check on each family member over the age of 18.
- To ensure that the student has a proper room with a bed, desk, lamp, chair, linens, and dresser.
- To verify that the student is happy, safe, and thriving in the new environment.
- To provide the EMSB with proof (i.e. pictures of the apartment/home, police check etc.) that the homestay family meets the criteria.

Emergency Health Insurance (guard.me):

The tuition fee includes an **emergency health insurance policy** in case the student becomes ill or injured, and **NOT** for a pre-existing illness or injury. Expenses will **NOT** be covered for an illness or sickness the student already had before the start of the policy.

The insurance also includes **Third Party Liability**. The key feature is that it provides \$1,000,000 liability coverage for students against unintended events that cause damage to a third party, including homestay and elsewhere. The actual policy will provide all the details for exclusions and limitations. For additional information please visit www.guard.me/emsb.

keep.meSAFE by guard.me:

The International Student Department is also providing an enhanced mental health support program in addition to the emergency health insurance. The keep.meSAFE program by guard.me (our emergency health insurance provider) will provide services to students who may be faced with challenges such as culture shock, stress, anxiety, and loneliness.

Our students will have access to support services by professional counsellors 24/7, in their own language. These professionals will be available through mobile and web chat, telephone, or video. For additional information please visit keepmesafe.org.
